HAPPY HOLLOW KENNEL

16421 DECAL PL

Type: ROUTINE INSPECTION

Date: Aug-10-2010

NEW CAMBRIA, MO 63558

3.1

HOUSING FACILITIES, GENERAL.

(a) Structure; construction. Housing facilities for dogs and cats must be designed and constructed so that they are structurally sound. They must be kept in good repair, and they must protect the animals from injury, contain the animals securely, and restrict other animals from entering.

Clips fastening outdoor banks of cages to kennel building 2 are undone and no longer hold wire to building.

This allows approximately a 6 inch gap between the wire and sides of building through which the dogs could escape and be injured.

These must be refastened to the building to restore integrity.

Correct by 8-11-10.

Facility owner accompanied me on this inspection and exit interview.
